

PHOTO REQUIREMENTS

Your photo is a vital part of your visa application. To learn more, review the information below on how to provide a suitable photo. The acceptance of your photo is at the discretion of the IR.IRAN embassy or consulate where you apply. We recommend you use a professional visa photo service to ensure your photo meets all the requirements.

Your passport photos must be:

- In color
- JPEG (.jpg) file format
- Equal to or **LESS THAN 240 kB** (kilobytes) in file size (less than 10 kB is not accepted)
- In a rectangular aspect ratio (height must be greater than width)
- **600X400 PIXELS** in dimension
- Taken within the last **6 MONTHS** to reflect your current appearance
- Taken in front of a plain **WHITE or OFF-WHITE** background
- Taken in **FULL-FACE VIEW** directly facing the camera
- With a neutral facial expression and both **EYES OPEN**
- Taken in clothing that you normally wear on a daily basis
- Uniforms should not be worn in your photo, except religious clothing that is worn daily.
- **DO NOT WEAR A HAT** or head covering that obscures the hair or hairline, unless worn daily for a religious purpose. Your full face must be visible, and the head covering must not cast any shadows on your face.
- Headphones, wireless hands-free devices, or similar items are not acceptable in your photo.
- **EYEGLASSES ARE NOT ALLOWED** in visa photos, except in rare circumstances when eyeglasses cannot be removed for medical reasons; e.g., the applicant has recently had ocular surgery and the eyeglasses are necessary to protect the applicant's eyes. A medical statement signed by a medical professional/health practitioner must be provided in these cases. If the eyeglasses are accepted for medical reasons:
 - The frames of the eyeglasses must not cover the eye(s).
 - There must not be glare on eyeglasses that obscures the eye(s).
 - There must not be shadows or refraction from the eyeglasses that obscures the eye(s).
- Photos digitally scanned from driver's licenses or other official documents are not acceptable. In addition, snapshots, magazine photos, low quality vending machine or mobile phone photos, and full-length photographs are not acceptable.

Change of Appearance

If your photo(s) or digital image does not reflect your current appearance, even if it is not older than 6 months, the IR.IRAN Embassy or consulate will request that you provide a new photo with your application.

Applicants will be requested to obtain a new photo if they have:

 <p>Undergone significant facial surgery or trauma</p>	 <p>Added or removed numerous/large facial piercings or tattoos</p>	 <p>Undergone a significant amount of weight loss or gain</p>	 <p>Made a gender transition</p>
---	--	--	---

Generally, if you can still be identified from the photo in your visa application, you will not need to submit a new photo. For example, growing a beard or coloring your hair would not generally be considered a significant change of appearance.

If the appearance of your child under the age of 16 has changed due to the normal aging process, he or she will generally not have to provide a new photo. However, the acceptance of your photo or digital image is at the discretion of the IR.IRAN Embassy or consulate where you apply.

Taking photos of your baby or toddler

When taking a photo of your baby or toddler, no other person should be in the photo, and your child should be looking at the camera with his or her eyes open.

TIP 1

Lay your baby on his or her back on a plain white or off-white sheet. This will ensure your baby's head is supported and provide a plain background for the photo. Make certain there are no shadows on your baby's face, especially if you take a picture from above with the baby lying down.

TIP 2

Cover a car seat with a plain white or off-white sheet and take a picture of your child in the car seat. This will also ensure your baby's head is supported.

NOTE: Photo taken by low quality vending machine or mobile phone images are not acceptable. Please pay a deep attention to the below examples.
